Transmittal letter to EPA ELIS quantities Sep2016.pdf

We all got this on September 15, but from Erica on behalf of Mark. I've cited both this and the cost estimates analysis in the Final Rule as follows:

11. USACE NAE. 2016a. Memorandum from USACE New England District to EPA Region 1 with updated dredging and disposal capacity needs for Eastern Long Island Sound. U.S. Army Corps of Engineers, New England District. September 2016.

12. USACE NAE. 2016b. Memorandum from USACE New England District to EPA Region 1 with detailed cost estimates for dredged material disposal at different disposal sites in Long Island Sound. U.S. Army Corps of Engineers, New England District. September 2016.

Jeannie, these should go into the FSEIS.

Mark, are these adequate citations?

Subject: ELIS Quantities

Hello Mel,

Please see the attached capacity needs for ELIS, as requested.

Thank you,

Erika L. Mark
